Duplicate charges for your Buc-ee's transaction

Dear Buc-ee's customer,

We process debit and credit card transactions for Buc-ee's.

You may have noticed a recent charge to your debit or credit card duplicating a prior charge from a purchase you made at Buc-ee's in late April of 2025. Due to a processing issue, the transaction was inadvertently processed a second time on June 8th. We are making corrections to your account to offset the duplicated transaction, which should be reflected on your next card statement.

We apologize for any inconvenience this may have caused.

Sincerely,

Chase Merchant Services
